Projects

- Student Dropout Prediction (Smart India Hackathon- Sept 2025)
Developed a dashboard with student and mentor login with mentor hving details for each student (attendance, marks fees due) and could see the probability of a student dropping out and in which month (colour coded alerts)
Mentor also has option to notify the parents of the child's progress and ask about the situation.
Demonstrated this in internal college round of SIH as part of Smart Automation solution.

Achievements and Certifications

- | | |
|---|---------------|
| • Participated in SIH and secured 5 th position out of 522 teams in college round. | |
